WEDNESDAY, DECEMBER 30, :: 1885 NO. S. REYNOLDS.

W. L. McDONALD. THE numerous friends of Congressman Aiken will regret very much that

the impaired state of his health compels him to withdraw from his Congressional duties.

serted that there is too much silver. ital crimes in Kansas imprisonment for line, might have engaged his attention for three years is one per week. one year follows immediately upon to better purpose. For almost every the sentence, and at the end of that trade some training is needful, but in time the Governor is commanded to the matter of law-making-intricacy

sign the death warrant and see that the execution is carried out. No Gov. ernor, however, has yet carried out the provisions of the law.

the theme of endless speculation. Some are certain that the Senate will recede, while others are equally sure that the ignominious movement must be executed by the House. All are about agreed, however, that an adjournment sine die cannot be had this side of Christmas.

Many of those who have followed Many of those who have followed the course of the present Legislature of this State will doubtless come out of this State will doubtless come out of the task with indignation greatly fatigued. The untiring and continuous efforts that have been made solely in behalf of class interests, the monstrous attempts to make the whole subservient to a part have been quite.

Ly the Ohio Courts; two years later Mr. Odea of Mr. Odea of the General Assembly en masse on on adjournment of the two Houses.

—A photographer took the pictures of the General Assembly en masse on on adjournment of the two Houses.

—Superintendent Huske left Columbia Monday with six hundred young carp, to be placed in the Pee Decrete of annulment. Mrs. Odea, therefore, finds herself the wife (according to New York law) of a man from whom she was legally subservient to a part have been quite. truth which becomes ever clearer as man grows older, that patience is a cardinal virtue.

"WHAT is worth doing at all is worth doing well," and this is true in now, and there is also too much howl- States in educating their citizens: ing about the people's money. The people are perfectly willing to allow reasonable time for the business of legislation, and they understand that Willis in the House will press the mutthey will have to pay expenses too. The superlative anxiety about their The bills introduced by these gentlemoney is altogether with the politician—the man who is afraid that he has not merit enough otherwise for gress for the public free schools in the re-election.

average of eight murders to every 100,000 inhabitants, against nine in Spain and Hungary, two in Austria, one in France and Belgium, and only 0.5 in Great Britain. In crimes against the money which Congress thus expends would be returned in the increased value of each man's labor, and the livestment would be a good one. Charleston has contributed to the "Bandit King" company the "Indian is the livestment would be a good one. The livestment would be a good one.

The above does not state the average in the United States, but we think it in the United States, but we think it according to the plan proposed. safe to say that it will rank considerably above some of the countries named.

some few have been elected to the to each man's door. Legislature. Besides this type of the
